## Education

### Chitkara University Rajpura

Bachelor of Technology in Computer Science and Engineering CGPA: 8.75 / 10

Expected Graduation: 2027

Rajpura, Punjab

### Guru Teg Bahadur Public School, Dhuri

Class 12 - PCM Percentage: 78.2%

2023

Dhuri, Punjab

## Practice Project Work

### EZ Shop - React.js E-Commerce Frontend Application | [GITHUB](#) | [WEBSITE](#) | Sep 2024 - Oct 2024

- Built an interactive e-commerce frontend using React.js to simulate a shopping experience with real-time updates.
- Integrated routing for smooth navigation between product listings, cart, and checkout components.
- Used functional components and state management to dynamically render product data and manage user interaction.
- Styled the application using modern CSS techniques to create a visually appealing and user-friendly interface.

### AutoFix - Automobile Workshop Website | [HTML](#), [CSS](#), [JavaScript](#) | [GITHUB](#) | [WEBSITE](#) | April 2024 - May 2024

- Designed and developed a static website for an automobile workshop using HTML, CSS, and JavaScript.
- Created responsive layouts to display services, contact details, and client testimonials for improved user engagement.
- Implemented smooth navigation and structured page elements to enhance UI clarity and load performance.
- Followed clean code practices and tested across browsers for compatibility and responsiveness.
